

Exciting News: American Plains Cooperative Partners with PureField Ingredients at Our Russell Elevator!

We are excited to announce a new strategic partnership between **American Plains Cooperative (APC)** and **PureField Ingredients** at our **Russell location**. This collaboration is designed to bring added value and convenience to our growers by offering a more competitive bid structure and streamlining the grain delivery process to our elevator.

What This Means for You:

1. Quality Premium Opportunities

Growers delivering grain that meets PureField's end-user quality specifications will now have access to a **quality specific premium market**.

2. Expanded Growth Potential

This partnership opens the door to a **new market** while maintaining the **trusted service** you've come to expect from APC. It's a step toward greater efficiency and long-term sustainability for your operation.

Important Details:

- This agreement is **exclusive to our Russell location**.
- Grain meeting PureField's quality specifications will be **owned by PureField** upon delivery to the APC Russell elevator.
- **All transactions** for this grain will be handled **directly through PureField**. *All producers delivering to the Russell elevator will need to be setup in the PureField system as a vendor. If you have questions as to your status as a PureField vendor, please contact the PureField office.*
- Grain **not meeting PureField's specifications** will continue to be handled by American Plains Cooperative and will follow the **APC Kansas Bid**.

We're proud to work alongside PureField Ingredients in offering new opportunities to our growers and enhancing the services at our Russell elevator.

For questions or further information, please don't hesitate to reach out. We look forward to continuing to support your success!
